Framework Programme under grant agreement n°226571.

Document Information

Title	D. 4.4: Report on the Twin2Go Communication Kit
Lead authors	Irina Comardicea, Annika Kramer (both Adelphi)
Contributors	
Deliverable number	D 4.4
Deliverable description	Communication Kit in English
Report number	
Version number	V1
Due deliverable date	Month 23 (30/04/2011)
Actual delivery date	Month 28 (28/09/2011)
Work Package	4
Dissemination level	PU
Reference to be used for citation	Comardicea, I. and A. Kramer (2011): Report on the Twin2Go Communication Kit. Twin2Go Deliverable No. 4.4

The Twin2Go Communication Kit

The Twin2Go communication kit includes an enhanced power point presentation presenting the following aspects of the project:

- Background
- Goals and objectives of Twin2Go
- Partners and projects
- Projects and case studies
- The Twin2Go process
- Key messages on adaptive water governance
- Key messages on best practices and tools
- Recommendations for best practice transfer and implementation
- List of Twin2Go outputs and publications

This communication kit was compiled to be used by project participants but also future projects and international organisations for targeted briefings of political decision-makers and high-level water managers. A ready to use communication tool, professionally prepared for the target audience of political decision-makers will provide for multiplier effects, as it can be used by a large number of water programmes and projects. The basic communication kit is in English, it is based on the material assembled in the course of WP 2 and 3.
